

**GENERAL PRESIDENTS' PROJECT MAINTENANCE AGREEMENT
FOR
EXELON GENERATION COMPANY, LLC
GENERATING FACILITIES**

**Power House National Committee (PNC)
Bulletin of Clarification #8 Revision A
September 18, 2017**

Article XXV: Training and Screening

Pursuant to Bulletin of Clarification #8, Implementation item 6 –

The PNC committee reconvened on September 18, 2017. Empirical data collected by Exelon regarding the time required by persons to complete the ePHQ was presented to the PNC for review. The two-hour/one-hour pay terms described in the Compensation section were reviewed by the parties using the ePHQ data collected.

The PNC committee determined that the two-hour/one-hour pay terms should be extended through September 30, 2019. All other terms and requirements within BOC #8 will remain in full force and effect for the term of BOC #8.

The PNC agrees to reconvene in September 2019, at which time actual time durations will again be reviewed. At the September 2019 meeting, the PNC may extend, modify, or terminate the terms agreed to in this BOC #8. In the absence of an Agreement by the PNC to extend or modify the terms of BOC #8, it will automatically expire on December 31, 2019.
